

NOW SHOWING

**LIGHTS, CAMERA,
CAPTIONS!
AT YOUR LOCAL CINEMA**

Do you have difficulty
hearing at the movies?

Captions are now available so you
can read what you can't hear.

Enjoy the latest movies with your
friends and family, and you won't
miss the punchline anymore.

accessible cinema
captioned and audio described movies

This project has been funded by the Australian Government Department of Health and Ageing
and is supported by the Independent Cinemas Association of Australia

Captions can help you...

- Understand exactly what is being said
- See other sound effects and music in the movie displayed as text.

Who uses captions?

Everyone is welcome to see captioned movies. Some people who find them useful include:

- People who are Deaf or have hearing loss
- Learners of English as a second language
- Friends and family of all the above!

**Look for this symbol
in your cinema's advertising
to find a captioned session.**

Prices are the same as for the non-captioned version of the movie.

How to find out more

Visit www.yourlocalcinema.com.au for listings of all captioned movies nationally.
